utility models

OUR HOUNOR

OUR PRODUCTS

Snake Chain Machine

line diameter parameter:1.6mm~6.0mm

Supply Power:220V50Hz
Total Power Consumption:400W
Work Efficiency: ≤ 120 rpm
Weight:230KG

High Speed Chain Machine

line diameter parameter:0.2mm~0.35mm

Supply Power:220V50Hz
Total Power Consumption:300W
Work Efficiency: ≤ 600 rpm
Weight:125KG

LIXIN PRODUCT MANUAL

Perfection in Every Cut: Craft Exquisite Jewelry with Our Advanced Machinery.

ZHEJIANG LIXIN JEWELRY TECHNOLOGY CO.,LTD

Four Head High-speed Diamond Cutting Machine

Has a double-sided replaceable polish tool head.

Supply Power:220V50Hz
Total Power Consumption:3000W
Weight:515KG

Large-scale Chain Machine With Laser

line diameter parameter:0.6mm~1.4mm
coupling chain

Supply Power:220V50Hz
Total Power Consumption:400W
Work Efficiency:≅ 120rpm
Weight:250KG

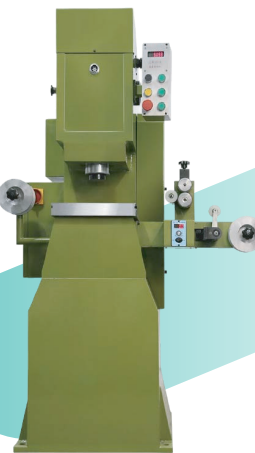

Big Hammering Machine

can hammer 0.12mm-0.8mm (wire diameter) :
round snake chain, square snake chain, and so on.

Supply Power:220V50Hz
Total Power Consumption:2500W
Work Efficiency:≅ 1100rpm
Weight:735KG

Bismark Machine

A machine that can weld two or more rows of
kinds of chains together automatically in
different positions according to the program.

Supply Power:220V50Hz
Total Power Consumption:50W
Work Efficiency:≅ 600/min
Weight:120KG

Box Chain Machine

It can automatically cut,shape,seal,hammer
Weld and assemble metal wire into chain.

Supply Power:220V50Hz
Total Power Consumption:450W
Work Efficiency:≅ 200rpm
Weight:200KG

Pearl Chain Machine

Work Efficiency:≅ 200rpm

Can produce the semicircle line or the
convave semicircle line,the pearl chain,the
oval shape

Lip Chain Machine

Work Efficiency:≅ 500rpm

For lip chain,Harelip chain,butterfly
chain,sunflower chain etc.

13-hole Straight Wire Drawing Machine

The Special material of the wire drawing wheel can avoid maintenance for life.

Supply Power:380V/Three-phase
Total Power Consumption:3000W
Work Efficiency:≅ 200m/min
Weight:800KG

8 Sides Diamond Cutting Machine

This machine is specially designed
for polishing snake chains, the
machine has 8 blades in total.

Bar Insert Machine

Supply Power:220V50Hz
Max Power:300W

This machine inserts flat or round
wire into the center of the chain to
change the chain shape. wire diame-
ter:0.3-1.0mm.

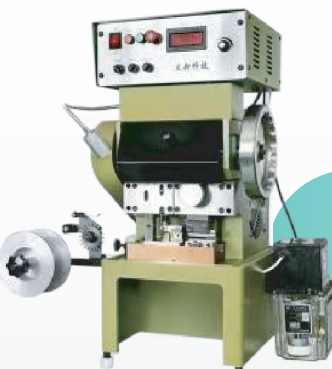

High Speed Chain Closer Machine

Total Power Consumption:550W

Make kinds of chain extruding to the
next step to become kinds of chain

Twist Chain Machine

Total Power Consumption:370W

For making cable chain more closer to
be flower chain
